Remanufactured Transmissions

Our Facility

Moveras manufactures all transmissions in a world-class facility employing LEAN manufacturing philosophies throughout.

World-class manufacturing facility

All Transmissions are:

- Disassembled, cleaned and all parts inspected to original specifications.
- Upgraded with current OEM updates.
- Assembled with a standard set of new replacement parts as recommended by the manufacturers.
- Fully inspected to insure that any other worn or broken parts are replaced with new.

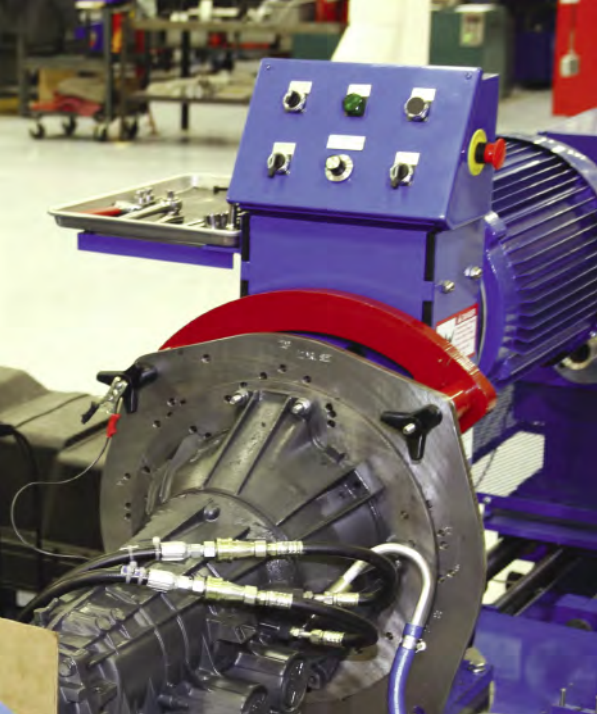

Every transmission is dynamometer tested

Moveras Quality

Standard work procedures and documentation includes in-line process checks to insure quality and consistency.

Every transmission is dynamometer tested on the industry's most state of the art equipment. This computerized equipment assures the transmission will be ready to install to get you back on the road and provide worry free performance.

Delivery

Moveras offers immediate availability on most popular transmissions. Inside the New England Region, we provide free delivery and core pick-up with our own fleet of trucks.

With inventory located in six strategically located warehouses, the right transmission is often only minutes away from you.

Shipments outside of our delivery area are normally made within 24 hours.

We provide free delivery within the New England Region
